April 5, 2023

Town of Sanford Board Members:

For the month of March and couple days into April, I have been extremely busy going out on the road and putting my final touches on assessments. I have attached the list of what assessments I have done so far. As you can see, there is always a few that don't have building permits and I still catch them. 😊 I go out on every road, every year to see if there is anything new.

In the next few weeks, I'll be putting the assessments on the wind project. You will get the finished list in May. I'm still waiting for my splits and combinations from the county. I know I have the big subdivision at the boy scout camp to do. There is already activity on some of these parcels, caught someone on Tuesday without a building permit.

Thank you,

A handwritten signature in black ink, appearing to read "Becky A. Herzog-Ottens", with a stylized flourish at the end.
